

A shade greener Slovakia

Introduction. Last week I wrote about solar panel installer A Shade Greener (ASG), and then followed up with a post about some of the legal tactics they use (amounting to SLAPPs), by their in-house solicitor Gary Anderson - or "general counsel" as he prefers to be called.. Anderson's employment at A Shade Greener was terminated when the Solicitors Regulatory Authority ...

How should I use the solar energy? The average UK solar system is 3.5kW (3,500W). In the height of summer this system could generate 3,500W. However, in the winter months this could reduce to as little as 100W.

Well, a shade greener are not the only one they do this type of bussines. I came across this very problem, and my brother inlaw took over 2 and half years to sell and that's in NV London where is a huge demand for properties. Let alone the hassle he had to go thru with roof repairs near and under array . This is the truth I'm afraid .

I will soon have to sell a relative's house (for care fees), in which they had "free" solar panels fitted in 2015. The Deeds were amended to Lease the roof space to "A Shade Greener" for 25 years. I am well aware this can really complicate selling, with many mortgage companies unwilling to lend, and have found many worrying stories on this forum about ASG. ...
