

Aera energy llc Turks and Caicos Islands

Where is Aera Energy located?

Headquartered in Bakersfield, California, Aera Energy LLC is a California limited liability company, and one of California's largest oil and natural gas producers, with an approximate 2015 revenues of over \$2 billion. Aera is operated as a stand-alone company through its board of managers.

Who are the owners of Aera Energy?

Aera Energy LLC is a jointly owned company by Shell and ExxonMobil and produces over 25% of California's oil and gas. Shell and ExxonMobil are the owners of Aera Energy. One of its five drilling operations is the Belridge Oil Field, covering 22 miles in the San Joaquin Valley in Kern County, which produces the most oil of any county in the nation.

What percentage of California's oil and natural gas is produced by Aera?

Aera produces nearly 25 percent of California's oil and natural gas. The work force needs of Aera are provided by Aera Energy Services Company (Aera Services), a Delaware corporation.

Who provides the work force needs of AERA?

The work force needs of Aera are provided by Aera Energy Services Company (Aera Services), a Delaware corporation. Aera and Aera Services employ about 1,100 people and hundreds of contractor companies.

Did Aera Energy allow oil aquifers to seep into Starrh farms?

A lawsuit, filed October 2001, alleged Aera Energy allowed 600 million barrels of oil wastewater to seep into the subsurface aquifers of the Starrh Farms after putting oil drilling waste into a mile of unlined percolation ponds near the farm.

What is AERA doing at Newport Banning Ranch?

Aera is a participant in Newport Banning Ranch, LLC, which has submitted a proposal to build 1,375 homes, parks, a coastal inn, and a small commercial center on about 153 acres (0.62 km²) of the site, while preserving and restoring more than 55 percent of the property for open space and wildlife habitat uses.

A European asset management company has agreed to pay a reported \$4 billion to acquire Aera Energy LLC, the Bakersfield-based producer of about a quarter of California's oil and employer

Stamp duty varies depending on the value of the property and also varies between the islands. For example, a property on Providenciales costing more than US\$500,000 will be subject to 10% stamp duty, whereas the highest rate of stamp duty on North Caicos, Middle Caicos Grand Turk and Salt Cay is 6.5% for any property above \$100,000.
