Saudi Arabia is located in Western Asia and is the birthplace of Islam. It has the world's second largest oil reserves and the sixth largest natural gas reserves. The government of the Kingdom is currently looking to develop other sectors to lessen the country's dependence on oil. An oil-based economy makes Saudi Arabia one of...

La empresa es la primera y, hasta el momento, la única proveedora de energía temporal en lograr la certificación de sus proyectos de conformidad con las normas ISO 50001:2011 Después de meses de una rigurosa alineación de procesos y una auditoría extensiva, Altaaqa Global Caterpillar Rental Power, un proveedor mundial líder de soluciones ...

India is currently experiencing an economic upturn, with projected growth rates hitting pre-financial-crisis levels at more than 6%. There is, however, an escalating power supply shortage that may potentially hamper India's continuous economic growth. Energy experts reveal that, to date, an estimated 300 million people in India have no access to electricity - which may...

Colombia is a melting pot of ethnic diversity. The remarkable synergy of the Spanish and the native cultures is clearly shown in the country's rich culture. After surviving the drug wars, Colombia is now an emerging market and is now the fourth largest economy in South America. Rich in natural resources, Colombia's main exports are...

A British Colony until 1973, The Bahamas is an independent country made up of 700 islands. It is now one of the wealthiest countries in the West Indies due to tourism and offshore banking. Though blessed with tourism-friendly landscape, the economy of The Bahamas has shrunk at an average pace since 2007. Weakening tourism, banking...
