Be prepared and power your home with the LG Home Battery RESU. Use all of your solar energy. Typical homes have high energy demands in the mornings and evenings but solar generation is highest mid-day. Without a home battery, the solar energy produced in ...

For backup mode to function, your battery needs a Management Interface Device (MID). The "brain" of your battery, this device operates an internal switch that isolates your home from the grid. You may hear the MID called by different names depending on the manufacturer (Gateway, aGate, system controller, etc.).
