Stephen Snowdon, Planning & Development Manager at Peel Cubico Renewables said: "Our vision for this solar farm supports both the Isle of Man's response to climate change and the government's ambitions for renewable energy projects to help secure a bright economic future for the island. We also recognise the cost-of-living crisis facing ...

The Isle of Man produces more solar than you would think, even on an overcast day, we are still reaping the rewards of free electricity! A small solar array of 8 panels can produce 3630kwhrs of electricity and this equates to an annual cost saving of £1034.55.

It will produce 156.189 billion kilowatt-hours over 25 years, potentially removing 147Mt of carbon dioxide emissions. In April 2024, Arctech secured a contract to provide 1.5GW of trackers for a solar project in Saudi Arabia.. The ASB project, for which the trackers will be supplied, was described as the largest solar plant under construction in the Middle East.

Founded in 2009, Arctech Solar (SSE-STAR: 688408) is one of the world's leading manufacturers and solution providers of solar tracking, racking and BIPV system with over 800 employees worldwide. It is headquartered in Kunshan, Jiangsu Province of China, with global business division and manufacturing bases in Shanghai and Changzhou respectively
