

Australia 3 phase solar system price

How much does a 3 kW solar system cost in Australia?

Continue reading to find out why this system might just be your ace in the hole. A standard 3 kW solar system could cost around \$4,270 in Australia, all factors considered. There are some brands that offer great quality at a reasonable price. See below for more information.

How much does a 3KW Solar System cost?

The price of a 3kW solar system will generally set you back between \$3,000 and \$5,000, depending on where you live and any rebates that are available. Although installation costs vary, there are small-scale technology certificates (STCs) nationwide, in which this scheme applies rebates to rooftop solar systems under 100kW.

How long does a 3 kW solar system last in Australia?

Typical 3 kW solar systems have a 3-5 year payback period in Australia, depending on the energy output and weather conditions. However, in some states like Western Australia, a 3 kW system can payback within a 4-5 year period, while in Victoria it's more like a 5-7 year period.

Are 3 phase solar a good company?

Highly Recommended. 3 Phase Solar provided excellent service in all areas. They were prompt, punctual and tidy and made sure that I was fully informed in what was happening at all stages. I have total confidence in the quality of their work and they kept me informed at all stages.

How many solar panels are in a 3KW Solar System?

Get up to 3 free, no-obligation quotes for solar, batteries, and EV chargers. How many panels in a 3kW solar system? A typical 3kW solar system will have between nine and 12 panels, yet the exact number will depend on the wattage of each panel as well as the amount of sunlight your home receives.

Can a 3KW Solar System be installed on a roof?

You'll generally notice that most properties with a 3kW solar system have the panels on one section of the roof, usually in the direction of where the best sunlight is. There may be other circumstances where a 3kW solar system may need more than the average number of panels, but this should be pointed out by your installer.
