

Battery storage solar system Puerto Rico

Does Puerto Rico need energy storage solutions?

"Isolated from typical supply lines, Puerto Rico needs solutions that reduce electricity costs, improve grid reliability, and accelerate renewable energy deployment," says DEPCOM Director of Energy Storage Nadja Gocek.

How much money is available to install solar & battery storage systems?

SAN JUAN, Puerto Rico -- The U.S. Department of Energy said Thursday that \$365 million is available to install solar and battery storage systems in homes and healthcare centers across Puerto Rico.

What is the Puerto Rico solar access program?

The Solar Access Program is funded by the U.S. Department of Energy's Puerto Rico Energy Resilience Fund. For far too long, Puerto Ricans have lived with an unreliable and expensive electric system.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

What is the Puerto Rico energy Resilience Fund?

This program, funded through the Puerto Rico Energy Resilience Fund, will provide solar panels and battery storage systems to low-income households in Puerto Rico with zero upfront costs, as well as education and support on how to use and maintain the systems.

Who is developing Puerto Rico's energy grid?

Development is led by Clean Flexible Energy, an indirect subsidiary of AES Corp. and TotalEnergies Holdings USA. A conditional loan guarantee was announced for the project in July. Puerto Rico is aiming to eliminate coal-fired energy generation by 2028 and develop a 100% renewable energy grid by 2050.

The Solar Access Program, funded through the U.S. Department of Energy's Puerto Rico Energy Resilience Fund (PR-ERF), aims to deploy solar and battery storage systems to up to 30,000 vulnerable households in Puerto Rico at no up-front cost to homeowners.

WASHINGTON, D.C. - Today, the U.S. Department of Energy (DOE) announced a \$325 million funding opportunity for the new Programa de Comunidades Resilientes, funded by a second tranche of DOE's Puerto Rico Energy Resilience Fund (PR-ERF). This program aims to improve community-level energy resilience for vulnerable populations across ...
