Who offers a \$100 million fuel storage guarantee in Puerto Rico?

The guarantee was offered to Clean Flexible Energy, LLC, an indirect subsidiary of AES Corporation and TotalEnergies Holdings USA, Inc. Prior to arriving in Puerto Rico, Granholm visited the U.S. Virgin Islands on Tuesday, where officials announced \$100 million in federal funds to help buy fuel storage facilities.

Does Puerto Rico have a high electricity rate?

Puerto Rico's electricity rate is now 41% higher than the average U.S. rate. On Wednesday, the U.S. Department of Energy also announced an \$861 million loan guarantee to help build two solar photovoltaic farms in the southern towns of Guayama and Salinas.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Do you need power during a power outage in Puerto Rico?

"Households aren't the only place you need power during and after an emergency," said U.S. Energy Secretary Jennifer Granholm during a visit to Puerto Rico. The announcement comes amid widespread anger over outages that repeatedly leave Puerto Ricans in the dark.

Why did Puerto Rico announce a power outage?

The announcement comes amid widespread anger over outages that repeatedly leave Puerto Ricans in the dark. The island of 3.2 million people has a more than 40% poverty rate and some cannot afford a generator. Government officials say the outages also endanger the lives of those who depend on oxygen, refrigerated insulin and dialysis machines.
