

Belize omega solar

Why should you choose Omega solar energy?

Omega Solar Energy will design a system that will give you optimal solar output so that you can produce your own clean, efficient solar power. Integrity is what sets us apart from other companies. We're professional, reliable, we know all about solar energy, and we're ready to help you save.

Where is Omega solar energy located?

Omega Solar Energy's service area is quite large. Although our headquarters are in Little Rock, Arkansas, we currently serve Arkansas, Missouri, Texas, Oklahoma, and Florida. If you are anywhere in any of these states, give us a call and see if installing solar power in your home or business is right for you.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

What is the Omega solar energy app?

The Omega Solar Energy app is a free app available to download now. The app allows you to communicate with us, to monitor how your home appliances and electronics are performing, and to refer friends who are thinking about making the switch to solar.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?

What does the Belize Chamber do?

Founded in 1920, the Chamber has been consistently championing the causes of its private sector constituency and considers among its primary objectives the social and economic development of Belize through the development of all sectors of industry, commerce and services.

Positive Energy Energy ships and imports shipping containers of pallets of Solar Panels from various manufacturers. We ship to Port of Belize and Big Creek. We partner with Jinko Solar, Q Cell, Canadian Solar and Q Cell and our Panels range from 325-500watts based on the type of structure we are installing on, budget and size of the job.
