

Belize sun24 solar com

Why should you choose sun24solar?

We provide a comprehensive range of sustainable solar energy and storage solutions. Sun24Solar offers high quality and affordable solar systems so that you can make and use your own power. We strive to achieve sustainable living by encouraging people to use green energy. Our wide range of products include solar rooftop and storage systems.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who is Sun's Electric?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician. In Belize from a concept to a reality, our solar electrical systems are designed and backed by 18 years of industry experience.
