Why is Burkina Faso launching a solar power plant in Komsilga?

Loading... In a significant step towards enhancing electricity supply and sustainable development, Burkina Faso signs an agreement for a 50 MWp solar power plant in Komsilga. The initiative, led by the Minister of Energy and Energie Plus, aims to fortify renewable energy contributions, fostering economic growth and improved access to electricity.

How will Burkina Faso benefit from a new solar project?

According to Alexis Madelain, World Bank Task Team Leader for the project, " this new operation will help Burkina Faso mobilize more than \$400 million in private investment in solar production and innovative battery storage systems.

Will a 50 MWp solar power plant bolster Burkina Faso's electricity supply strategy?

In a pivotal move to bolster Burkina Faso's electricity supply strategy, the Minister of Energy, Mines, and Quarries, Simon-Pierre BOUSSIM, and Serge CONSEIGA, General Director of Energie Plus, sealed an agreement for the construction of a 50-megawatt peak (50 MWp) solar power plant in the commune of Komsilga, Burkina Faso.

Will Burkina Faso double electricity access rates by 2025?

Maimouna Mbow Fam, World Bank Country Manager for Burkina Faso, says that " this new project is fully in line with our Sahel strategy to double electricity access rates by 2025, particularly in rural areas, and create conditions for more private financing in the energy sector.

How much money will the World Bank give to Burkina Faso?

The World Bank Board of Executive Directors today approved financing totaling \$75 million from the International Development Association (IDA) and \$93 million from the Clean Technology Fund to help increase access to electricity in rural areas in Burkina Faso.

The PV system studied in this paper is located at the International Institute of Water and Environmental Engineering (2iE), Burkina Faso, 15 km from the capital Ouagadougou, with geographical coordinates 12°27' N and 1°33' W. It was built in 2013 in the "Solar Capacity Upgrading Project" framework financed by the World Bank.
