

Burkina Faso lepton energy co ltd

Who makes lepton solar modules?

With over 10 years of development in solar energy, Lepton Energy has built a solar module manufacture base Lepton Solar (Changshu) Co., Ltd. in Jiangsu, China. Lepton Energy produce high quality solar modules for 25 years product warranty, 25 years power warranty for standard module, 30 years power warranty for bifacial and N-type modules.

How much power does lepton energy produce?

Lepton Energy produce solar modules power form 430W to 720W. 25 years products warranty, 25 years power warranty / 30 years power warranty for bifacial module. Lepton Energy high-efficiency modules are installed in ground-mounted power plants, and in residential, commercial and industrial rooftop PV systems in over 60 countries and regions.

Who is lepton energy?

Head quartered in Japan as a world's leader in solar PV industry, Lepton Energy is specializing manufacturing high quality Tier-1 solar module. Now the products of Lepton Energy is available in more than 60 countries and regions.

What is lepton energy warranty?

Lepton Energy produce high quality solar modules for 25 years product warranty, 25 years power warranty for standard module, 30 years power warranty for bifacial and N-type modules. Lepton can provide the most suitable modules for each solar system. Lepton Energy produce solar modules power form 430W to 720W.

Does lepton offer a solar module warranty?

Lepton can provide the most suitable modules for each solar system. Lepton Energy produce solar modules power form 430W to 720W. 25 years products warranty, 25 years power warranty / 30 years power warranty for bifacial module.

Where is lepton based?

In addition, Lepton has set up the logistics warehouses in Kanto, Kansai and central Japan, establishing a high-efficient logistics distribution system. With the continuous development and expansion of the business, in 2015, a branch was established in Tokyo, which is focusing on the sales of solar pv products.

Lepton Energy co., la Sede de Ltd se estableci en kobe, jap, en 2012. En Jap no solo se centra en la investigaci y desarrollo y venta de sistemas de generaci de energa solar, m dulos solares, sistemas de instalaci y tornillos de tierra, sino tambi en el desarrollo, gesti y mantenimiento post - venta de centrales solares.
