Will Cameroon become an emerging country by 2035?

Cameroon is aiming to become an emerging country by 2035. Cameroon has had a decade of strong economic performance, with GDP growing at an average of 4% per year. During the 2004-2008 period, public debt was reduced from over 60% of GDP to 10% and official reserves quadrupled to over USD 3 billion.

Why is Cameroon's motor park system so bad?

Our traditional motor park system is Cameroon disorganized, inefficient, and a severe nuisance to users—especially low-income passengers. Overcrowded spaces, overloaded vehicles, travel delays, insolence, untidiness, insecurity, overspeeding, etc., are all valid symptomatic characteristics of our motor parks.
