What is Hitachi energy doing in Africa?

Our sustainability journey continues! Empowering the next wave of energy enthusiasts with education! Empowering the next wave of energy enthusiasts with education! Hitachi Energy in Africa is advancing the world's energy system to be more sustainable, flexible and secure.

Who is Hitachi energy?

Hitachi Energy is a global technology leader that is advancing a sustainable energy future for all. We are advancing the world's energy system to be more sustainable, flexible, and secure, and we collaborate with customers and partners to enable a sustainable energy future - for today's generations and those to come.

What services does Hitachi energy offer?

We offer Power Consulting for key segments in the energy system, such as renewables, transmission distribution and as well as e-transportation solutions. Hitachi Energy is a leader in high-voltage technology, offering a wide range of high-voltage products up to 1,200-kilovolt (kV) for AC and 1,100-kilovolt for DC.

Who is Hitachi energy's grid automation business unit?

Hitachi Energy's Grid Automation business unit supports 50% of the top 250 global electric utilities. Our Grid Automation hardware, software and services portfolio unites deep domain knowledge and innovative technologies that enable customers across the globe to optimize the critical systems that power, move and connect us.

Hitachi Energy to invest additional \$4.5 billion by 2027 to accelerate the clean energy transition. June 7, 2024; Order backlog more than tripled to over \$30 billion since 2020 -- More than double new investments in manufacturing, engineering, digital, R& D and partnerships across all major markets from 2024 to 2027 -- Around \$330 million in ...

The momentum to employ distributed energy resources (DERs) and reduce carbon emissions continues to grow worldwide. Become more energy-conscious with digital substation technology by Hitachi ABB Power Grids and start ...

During the two-year programme, trainees at Hitachi Energy pass through the areas of sales, project and product management, production and development. These qualification measures improve graduates' prospects on the local ...

In a 28 August webinar, Hitachi Energy experts will show you how to transition from traditional to predictive maintenance. Join our experts to discover how smart asset management can optimize your asset availability
