Africa faces significant energy challenges, with many people lacking access to reliable and affordable energy sources. This situation bears profound consequences for economic development, health, education, and the environment. The human impact of this energy deficit is profound and strengthened Wasion's determination to make a change.

Wasion Energy's self-developed High-Voltage AC Automatic Circuit Reclosers, showcased in an immersive and scenarized manner, was the highlight of the Wasion booth. These products are designed for 50/60Hz, 15.5kV three-phase AC overhead distribution networks. They feature functions such as rapid self-healing and isolation, high-precision fault ...
