The xEnergy Basic is a wall-mounted and floor-standing enclosure for electrical distribution up to 630 A. The smallest distribution board of our xEnergy family is the most flexible and variable system in the entire range. The diversity of different types and sizes makes the use in almost every application possible.

Political History Originally named the Hervey Isles after a British lord, the Russians named them the Cook Islands in honour of the famous captain in 1823. In 1888 they became a part of the British Dominion, due to fears France may seize the islands first. In 1901 New Zealand decided to annex the country despite opposition from the traditional chiefs.

History and Ethnic Relations Emergence of the Nation. Archeologists trace the settlement of the islands to the fourth century C.E. ; the oral history of Raratonga (the most influential island and the first one to be settled) dates back about 1,400 years. The first European sighting occurred in 1595, when the Spaniard Alvaro de Mendana glimpsed Pukapuka, one of the northern islands.
