Will crossbridge energy take over Fredericia refinery?

Crossbridge Energy A/S took over the refinery in Fredericia and its associated Trading & Supply activities as of 1 July 2021 and will be taking the refinery into a greener future. Crossbridge Energy A/S will continue the development of green hydrogen, advanced biofuels and co-processing.

What does crossbridge energy a/s do?

For Crossbridge Energy A/S, this means focusing on greener solutions; in liquid fuels, energy efficiency and development. The company also collaborates with external partners on green hydrogen and the potential for green carbon for future feedstocks when crude oil is phased out of production.

Is crossbridge energy a green company?

Crossbridge Energy opened an actual development department in 2021 with a view to the green conversion of production facilities. The company also collaborates with a number of partners on, for example, hydrogen production, carbon projects and more.

Who owns crossbridge energy a/s?

Crossbridge Energy A/S is owned by Crossbridge Energy Partners, a US platform which seeks to play an active role in the green transition by transitioning traditional energy plants away from producing energy from fossil raw materials towards being based on green feedstocks.

What will crossbridge energy a/s do with everfuel?

Crossbridge Energy A/S will continue its collaboration with Everfuel to establish a 300 MW electrolysis and PtX plant next to the refinery, which will produce hydrogen from predominantly renewable energy in the refinery area.
