

Distributor solar Montserrat

Why do we need solar panels in Montserrat?

The use of Solar Panels meets one of the Governments priority needs which is to improve energy security by slowly transitioning to renewable energy. The incorporation of Solar into the Grid on Montserrat, resulted in a 13% renewable energy input on the grid, which is 3% above the European Union's key performance indicator (KPI) of 10% .

Who has installed a 250kW solar PV project in Montserrat?

The awarding of a contract to Salt Energy Company for the installation of a 250KW Solar PV Project in 2018 as the first phase 250KW Solar photovoltaic (PV) Project. The solar PV system was successfully installed and commissioned by the Salt Energy Company and handed over to the Government of Montserrat in March of 2019.

Why should Montserrat buy a new electric vehicle?

The purchase of the vehicle supports the Government's aim to promote the development of electric, hybrid electric and advanced vehicle technologies for Montserrat. A pilot project was commissioned to review the performance of the technology under local conditions and get feedback of driver's acceptability.

We offer solar inverters from leading global manufacturers, such as SolarEdge, Fronius, Huawei, SolaX Power, and others. Prompt logistics, diverse means of financing, specialist webinars, professional consulting services.

Together we can envision a sustainable, solar island energy future and make it happen! Advantages of Solar Energy. Significantly reduce energy expense and improve profitability. Conserve energy and water through efficiency. Minimize the risk and pollution of burning fuel oil.
