How much money did Egypt invest in solar power in 2024?

In 2024, Egypt embarked on a major renewable energy initiative by announcing the construction of two solar power stations with a total investment of 1 billion Egyptian pounds (\$20.60 million), funded by a European Union grant.

How much wind power does Egypt have?

Egypt's wind-generated power capacity is expected to reach 7 GW by 2022, making it an important contributor to the renewables energy mix. According to EY, Egypt currently has about 500 MW of wind-power plants in operation, plus three privately owned independent power producers (IPPs) with a generation capacity of 2.5 GW.

What is Egypt's energy strategy?

The energy strategy in Egypt adopted by the Supreme Council of Energy in February 2008 is to increase renewable energy generation up to 20% of the total mix by 2020. The majority of Egypt's electricity supply is generated from thermal and hydropower stations.

Will EGP 2 trillion be needed in Egypt's energy sector?

The International Finance Corporation (IFC) believes that EGP 2 Trillion are required to be brought into Egypt's energy sector in climate-smart investments by 2030. Egypt is expected to overtake South Africa in the next decade to become the largest electricity market in Africa.

Why did BP and XRG close a joint venture in Egypt?

BP and Abu Dhabi National Oil Company's international investments arm XRG said on Monday they have closed a deal for a new natural gas joint venture in Egypt, as ADNOC expands its efforts to grow abroad.

Why does Egypt need more energy?

As the most populous country in the Middle East, with 100 million citizens estimated in 2020, Egypt faces rising energy demand driven by rapid population growth and an expanding economy. This creates significant challenges in maintaining a steady and continuous supply of energy and opportunities for the sector's development.

Egypt has reaffirmed its goal for renewable energy to constitute 42% of its total electricity generation by 2030, but Prime Minister Mostafa Madbouly reportedly indicated achieving this target will need more international support. ...
