4 &#0183; Encore Energy. stock was originally listed at a price of \$2.73 in Jan 23, 2023. If you had invested in Encore Energy stock at \$2.73, your return over the last 1 years would have been 17.95%, for an annualized return of 17.95% (not including any dividends or ...

Both licensed and unlicensed projects, located within specific electrical zones, can sell their surplus energy to the appropriate electricity distribution company. EkoRE provides a wide range of services for on-grid and off-grid solar, wind and biogas projects. Commercial solar energy applications: Rooftop; Ground-mounted; Solar car parks

Project Development is an essential part of creating valuable renewable energy assets and involves the consideration of a range of issues. Prior to construction we select and evaluate sites for technical feasibility, assess all legal and environmental factors, secure land rights and power purchase agreements, and handle the project's various permitting and approval processes.

Vermilion Energy, a Canadian firm, entered Croatia in 2015 following the acquisition of four exploration licenses. It owns the Berak and Ceric fields which were discovered in 2019 in the eastern SA-10 block of the Pannonian basin. Trial gas production was launched for both fields in July 2024. In 2024, Vermilion completed a four-well ...
