The Tufte Television Studios are located in the Tufte Performance and Production Center (PPC), 10 Boylston Place, 8th Floor. The teaching facility is composed of a classroom inside a standard television control room. It provides space for lectures, demonstrations, viewings and critiques, as well as use of the standard control room video equipment and production systems.

Powertite(TM) Series Plugs, Connectors and Receptacles are our most versatile choice for ordinary and hazardous locations. Available in 30, 60, 100, 150, 200 and 400 Amp designs, they are manufactured of copperfree aluminum with an epoxy powder coat to withstand harsh weather, corrosive atmospheres and rough working conditions.

With the speed of industrial change today, your operations need a flexible, scalable and affordable approach to modernization. Emerson's PACSystems(TM) adds a new dimension to the industrial control and automation landscape, allowing production optimization and monitoring capabilities in the widest range of process and discrete industrial environments.
