Who owns FSRU Energos force?

In March, state-owned LNG terminal operator Deutsche Energy Terminals announced that the FSRU Energos Force, owned by Marine LNG infrastructure company Energos Infrastructure, arrived at the port of Stade. According to the company, the unit will have a capacity of 174,000 cubic metres, enabling Germany to continue to enhance its energy security.

Does Energos infrastructure own FSRUs?

Energos Infrastructure has completed the acquisition of two state-of-the-art FSRUs from affiliates of Dynagas.

Where is FSRU 'Energos Force' located?

In Stade, the FSRU 'Energos Force' will become the third LNG terminal operated by DET to commence operations. The recently constructed terminal is located on the river Elbe in the Bützfleth district, next to an established chemical park.

Who owns Energos infrastructure?

Energos Infrastructure, an international marine LNG infrastructure company, majority-controlled by Apollo-managed funds and minority shareholder New Fortress Energy Inc., has completed the acquisition of two state-of-the-art FSRUs from affiliates of Dynagas.
