

Last year, Yotta Energy raised \$13 million in capital from investors WIND Ventures, Doral Energy-Tech Ventures, Riverstone Ventures, EDP Ventures and SWAN Impact Network. The earlier funding allowed Yotta to accelerate installation of its PV-coupled solar plus storage solutions for flat-roof energy backup.

In a release, Hungarian MS Energy Solutions announces having put in place Hungary's first closed-cycle geothermal heat plant from an abandoned oil well. The first closed-cycle geothermal heat recovery system has been put in place by the engineers of MS Energy Solutions Ltd. from Hungary in a dry hole (oil and gas prospecting, but dry hole) well.
