

Assystem is supporting Saudi Arabia's switch to low-carbon energy and infrastructure through its Radicon subsidiary. Saudi Arabia's goal is to achieve carbon neutrality by 2060 through its "Vision 2030" plan, which includes the diversification of the Kingdom's energy mix, increased use of renewable energies, and the construction of nuclear reactors.

A Migration Lead Auditor plays a vital role in transitioning organizations from OHSAS 18001 to ISO 45001. This role involves evaluating the existing OHSMS, identifying gaps, and ensuring that the new system complies with ISO 45001 requirements.
