Who is Gemini energy services?

Let Gemini earn your business! Gemini Energy Services is an Operations & Maintenance wind turbine service company for wind turbine manufacturers in the wind turbine service field.

What services does Gemini offer?

Gemini provides solutions through integrated engineering, construction management, operations and maintenance and program management services across all phases of renewable energy assets.

What makes Gemini a great wind turbine company?

At Gemini, every team member is a valued asset to the success of our trade. Gemini maintains active contracts on nearly all major turbine platforms. Long-term O&M contracts and data monitoring ensure the success of small and large-scale assets. Gearbox and Blade change-outs help Wind Turbines become operational in short time.

What is Gemini energy and how does it function?

Gemini energy is known for helping individuals communicate effectively. Labeled 'chatterbox, talkative, motor-mouth' by some other signs, this energy assists in communicating balance clearly and succinctly and leaving before the words even settle.

Who is Gemini & Tetra Tech?

Warranty services, operations and maintenance are highlights of our trade, with key personnel to care for assets large and small. Owners and asset managers turn to Gemini and Tetra Tech for their depth of engineering knowledge, both electrical and mechanical, with multiple applications to renewable energy projects. Join our family!
