

# Greentech energy systems Wallis and Futuna

When combined with the Tigo Energy Intelligence (EI) platform, it delivers module, system, and fleet-level insights to maximize solar performance and minimize operating costs. The Tigo EI Residential Solar Solution, a flexible solar-plus-storage solution for home installations, rounds out the Company's portfolio of solar energy technology.

Wallis and Futuna, like the rest of our Pacific neighbours, are on the frontline of the climate crisis. Through a collaborative project with MetService - Te Ratonga Tiorangi and the Embassy of France in New Zealand - Ambassade de France en Nouvelle-Zélande, aux îles Cook et aux Samoa, we've produced a series of five newsletters detailing the critical climate risks facing ...

The chieftaincy system in Wallis and Futuna is a fascinating blend of tradition and history. Over the years, it has adapted to changes while still holding onto its roots. This unique system has played a crucial role in shaping the islands' culture ...
