

Guatemala solex power

Context Guatemala is the second largest Central American power market, with a goal to increase renewable energy use. Relatively high levels of solar irradiance and large areas of cleared land give the country a strong potential for increased solar energy development. 13,500 megawatt hours generated per year 22,000 solar panels Located in Zacapa, Guatemala Operational [...]

El Equipo Solar SolaX Power está respaldado por una red global de apoyo. Nuestro Equipo de Servicio al Cliente está disponible para responder cualquier pregunta que los clientes puedan tener sobre los productos. También ...
