

Hydroma inc Equatorial Guinea

What does hydroma do?

A pioneer in the discovery, research, exploration and operation of natural hydrogen in Mali and worldwide, Hydroma also actively develops green hydrogen and ammonia production, storage, transport and distribution projects in West Africa and Canada for local use and massive exports toward Europe and international markets.

Is hydroma a green hydrogen producer?

Currently the company runs hydrogen extraction operations in Mali, but believes that there are many more untapped wells in Australia and Canada. Hydroma is also positioning itself to become the largest green hydrogen producer in West Africa. Green hydrogen is produced from renewable energy sources, usually solar, wind or hydro power.

What is hydroma & PCA doing in Africa & Canada?

Back in December in Washington DC, Hydroma Inc and PCA signed a Memorandum of Understanding (MoU) to develop a green and natural hydrogen project portfolio in Africa and Canada! Check out the details on our Website on the link below: #H2 #greenhydrogen #naturalhydrogen #Hydroma #PegasusCapitalAdvisors #MoU #partnerships

Is hydroma pursuing a green hydrogen trail?

Hydroma Inc. is also exploring the Green Hydrogen trail. As Hydroma Inc's energy ambitions extend beyond Mali, the company does not intend to be satisfied with the supply of hydrogen obtained naturally (underground). It intends to produce hydrogen via a decarbonized process: the electrolysis of water.

How does hydroma produce hydrogen?

As Hydroma Inc's energy ambitions extend beyond Mali, the company does not intend to be satisfied with the supply of hydrogen obtained naturally (underground). It intends to produce hydrogen via a decarbonized process: the electrolysis of water. The electrolyser separates a water molecule into hydrogen and oxygen.

What is hydroma's role in the West African Big Green Deal?

Convinced of the potential of natural and green hydrogen as enablers to accelerate sustainable development and growth worldwide, Hydroma is a key player in the establishment of a robust regional natural and green hydrogen economy via its West African Big Green Deal Initiative and Foundation (W.A.B.G.D.).
