

L'inverter a batteria STORAGE 3Power Serie HV; un inverter per accumulo, trifase, bidirezionale che pu essere utilizzato in sistemi connessi alla rete e stand-alone con batterie che hanno bisogno di funzionare fino a 1.500 Vdc. Questo inverter a batteria unico nel suo genere raggiunge una densità di potenza leader di mercato di 490 kW/m<sup>2</sup>; ...

The INGECON SUN STORAGE 3Power C Series is a three-phase bidirectional storage inverter that can be used in grid-connected and stand-alone systems. This one-of-a-kind battery ...

The photovoltaic and battery storage sector and the electric vehicle charger business will showcase their latest technological developments to the glo... Ingeteam signs a contract with Grenergy to supply 250 MW of solar power in the emblematic Tabernas desert

A wide range of inverters (solar pv and storage), tailored to suit any type of system scale: residential, commercial, industrial and utility scale.. With more than 50 years' experience in the power electronics sector, and more than 30-year track record in renewable energy, Ingeteam has designed an extensive range of PV solar and storage inverters with rated capacities from 5 kW ...

The DC-DC Series of the INGECON'S SUN STORAGE Power family is a bi-directional DC-to-DC converter designed to operate in combination with DC-to-AC solar PV inverters. Thus, it is intended to create DC-coupled solar-plus-storage systems. Besides, it features the same technology as Ingeteam's PV inverters, facilitating the supply of spare parts.

The STORAGE 3Power C Series is a three-phase bidirectional storage inverter that can be used in grid-connected and stand-alone systems. This one-of-a-kind battery inverter achieves a market-leading power density of 470 kW/m<sup>2</sup>;, as it provides up to 3,660 kVA in just one power stack with a battery voltage range up to 1,300 Vdc.

Ingeteam's central battery storage inverters with 1000Vdc technology. About us. Ingeteam; History.

L'applicazione INGECON SUN Monitor &#232; ora disponibile e rende ancora pi&#249; facile per l'utente accedere a tutti i dati dal proprio impianto fotovoltaico o sistema di autoconsumo (con o senza accumulo di energia nelle batterie), poich&#233; pu&#242; essere fatto attraverso uno smartphone. Disponibile per iPhone e piattaforma Android.

The Full Skid power station INGECON SUN FSK is equipped with everything necessary: solar PV inverters (INGECON SUN 3Power C Series), a step-up transformer, oil deposit, auxiliary services panel, MV switchgear and auxiliary services transformer. IEC or UL components. This power station is available with IEC or UL components alike.

Le logiciel INGECON&#174; SUN Monitor permet d'acc&#233;der aux donn&#233;es de la centrale photovoltaque depuis n'importe quel PC connect&#233; &#224; Internet. Sa facilit&#233; d'acc&#232;s permet aux propri&#233;taires, comme aux installateurs et aux promoteurs, de contr&#244;ler l'installation.

The INGECON SUN STORAGE Power B Series inverter is a three-phase bidirectional storage converter that can be used in both, grid-connected or stand-alone systems. It features string inverter philosophy applied in its design. The input and output lines are integrated into the same cabinet, in order to make maintenance work easier. ...

Thanks to its steel and aluminium casing, especially designed for indoor and outdoor installation (IP65), these PV inverters withstand very high temperatures, providing its rated power up to 55&#186;C. The INGECON SUN 3Play inverters feature an internal datalogger for up to 3 months data storage. RS-485 communications are supplied as standard.

The INGECON&#174; SUN STORAGE Power is a three-phase bidirectional battery inverter that can be used in grid-connected and standalone systems. This inverter offers a highpower density in a ...
