What happened to Sunnova energy project Hestia?

In September 2023, the Department of Energy announced the closing of a \$3 billion partial loan guarantee to Sunnova Energy Corporation's Project Hestia.

What is project Hestia?

The Project will make distributed energy resources-- including residential rooftop solar, battery storage, and virtual power plant-ready, consumer-facing software -- available to more American homeowners. Project Hestia will offer homeowners innovative software to accompany solar energy and batteries and to support energy-conscious decision-making.

How many jobs will project Hestia create?

Project Hestia will create more than 3,400 good-paying, high-quality American jobs, supporting the installation and maintenance of clean energy systems.
