This is huge power ready for use providing your appliances with prolonged backup. It is an ALL in one unit in portable form comprising of hybrid inverter with inbuilt long lasting lithium ion battery plus UPS function and use is plug and play. It is pure sine wave, works with Solar and grid power to provide uninterrupted power.

It is not a battery but it is a converter of vehicle 12 volt current to 110 ac. As such, the inverter does need to be plugged into a power port which will be your cigarette lighter port. Remove the lighter, plug the inverter in, plug in your devices, and you will have power for your devices. It will always have to be plugged into a lighter port.
