

Lithionics battery llc India

What voltages does lithionics battery offer?

Lithionics Battery offers battery solutions at 12V,24V,36V,48V,51V 72V,96V,144V along with customer specified voltages! Suitable for inverted hotel loads,trolling,electric propulsion,bow thruster and all your electric or hybrid marine needs. Low Speed Electric Vehicles & Automatic Guided Vehicles

What is lithionics battery?

Unlike many competitors, Lithionics Battery uses a military grade proprietary contactor (UL508 tested to 6,000 hot-switching cycles) for BMS on/off switching. This allows for continuous current ratings of up to 400A to match the high performance of your lithium battery module.

How safe is lithionics battery?

This naturally safe chemistry is paired with an internal shut down curtain technology inside each lithium cell, preventing any flame or explosion from thermal runaway events. Lithionics Battery recommends the use of our UL listed Plug & Play connector systems for quick and safe installation of our battery systems.

How do I connect my lithionics battery?

Lithionics Battery recommends the use of our UL listed Plug & Play connector systems for quick and safe installation of our battery systems. The Plug & Play system features our parallel combiner box for parallel connections, or a series wire harness for series connections.

Does India have a lithium-ion battery industry?

India boasts several major players in the lithium-ion battery manufacturing sector, each contributing significantly to the nation's EV ecosystem by producing large quantities of batteries.

Which company manufactures lithium-ion batteries for hybrid vehicles?

TDSG is the first company to manufacture Li-ion Battery Packs for Hybrid Vehicles. Recognizing the importance of lithium-ion batteries in the electric vehicle ecosystem, the Tata Group is making significant strides with a major investment in lithium-ion battery production.

They will not offer anything but the best, that's why Lithionics continues lead the industry in Lithium batteries with the only vehicle UL lithium on the market. They offer 12v, 24v, 36v, 48v and 51v single battery lithium's from 30 amp hours to ...
