What is a lithium Valley Battery?

With a substantial 10.24 kWh energy capacity, the Lithium Valley Battery ensures that all your power needs are met around the clock. Whether you're looking to run a household, an office, or even charge an electric vehicle, this battery provides reliable, steady energy.

What is a lithium Valley 5kwh lithium FePO4 battery?

Lithium Valley 5kWh LiFePO4 Battery The Lithium Valley 5kWh LiFePO4 Battery offers reliable, high-capacity energy storage for residential and commercial use. Featuring advanced LiFePO4 technology, it delivers long cycle life, faster charging, and seamless integration with solar systems. Ideal for off-grid solutions and energy management.

What is lithium Valley 5kwh battery?

Lithium Valley 5kWh Battery is a perfect wall-mounted solar energy lithium battery for residential home use. Built-in with High-Quality LiFePO4 large capacity cells. It ensures a long cycle life of the battery system. The designed BMS is verified to be compatible with different brands of inverters, hybrid on grid & off grid.

Who is lithium Valley?

As a premier Battery System Manufacturer, Lithium Valley is dedicated to being your trusted partner in energy storage integration. We believe the quality of each single component equals the quality of the complete system. The founder entered the lithium battery industry and served as an executive at a leading nickel and lithium battery company.

Who is lithium Valley technology co?

Shenzhen Lithium Valley Technology Co., Ltd. was established with a focus on AGV and solar battery. Dongguan Lithium Valley Energy Co., Ltd. was established as a group company to coordinate and manage its subsidiary factories. Venture into the energy storage business and also set up a new research and development center in Nanjing.

Why should you buy a lithium Valley Battery?

Its rugged design ensures vibration and shock resistance, making it suitable for various environments. Backed by a 5-year manufacturer warranty, the Lithium Valley Battery offers peace of mind, covering defects in manufacturing. However, damages due to improper use, such as exposure to water, fire, or accidents, are not covered.

Lithium Valley is at the forefront of delivering tailor-made energy storage solutions and all-encompassing services for both residential and commercial sectors. ... High Voltage Stackable Battery 129.6 ~ 516.6 V | 2.56 or 5.12 kWh / Module. [Learn More](#) . [Stackable Battery](#) ...
