Store; Solar panels . Back. Wattage. 345 watt; 350 watt; ... PPW from \$0.19 Final price depends on the brand, quantity and delivery method.

Maximize Your Pallet. You can fit between 25-30 solar panels on a pallet. When we say maximize your pallet, we mean order as many as you can per pallet. Although this will raise your overall price because you'll order more panels and have more weight, the price per panel goes down significantly. Residential vs Commercial

PVpallet's solar panel pallets, Series X and Series X.L, fit a range of panel sizes. These pallets are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system. ... Regular ...

CURRENT PANEL POLICY After doing research on damages and shipping practices we discontinued palletizing shipments of less than 10 solar panels. We have found that the stability and overall success of delivery increases substantially on pallets with 10+ panels. You may select In Store Pick-Up if you are needing less tha
