

Natural gas storage subsidies

Will Germany's gas market trading hub get subsidies?

With distrust running high, both sides have been keen not to appear weak, and analysts have low expectations of a breakthrough. Germany's gas market trading hub is in talks with the economy ministry and regulator about the possibility of contractors receiving subsidies to refill gas storage sites, the Trading Hub Europe (THE) website showed.

What are the different types of energy subsidies?

The most obvious subsidies are the direct expenditures and R&D support from the federal budget. Tax expenditure subsidies are targeted tax incentives that producers or consumers of specific forms of energy receive. In this case, the government does not spend money, but it loses revenue that it would have otherwise received.

Does Italy have a gas incentive scheme?

Italy has introduced an incentive scheme from the start of this month to ensure companies inject gas into storage after its sites ended the winter season just 42% full, gas grid operator Snam said.
