

Nautilus solar Equatorial Guinea

What is Nautilus Solar Energy?

Nautilus Solar Energy, LLC, a leading owner-operator of distributed generation and community solar projects throughout North America, has successfully developed, acquired, managed, and invested over \$1.2 billion of capital into solar projects over its 14-year history.

Is Nautilus solar a good alternative energy option?

And, you won't need to make a major investment in solar panels on your roof or put a new electric car in your driveway to have the same effect. That's why Nautilus Solar is the best choice in alternative energy. All it takes is a few minutes and no dollars to join and you can do your part for the planet.

Should you join Nautilus solar?

For example, if you made no changes in your lifestyle and joined Nautilus Solar, you could benefit the planet as much as 200 mature trees absorbing CO₂. So, you could plant a forest and wait about 50 years, or you could spend 8 minutes joining Nautilus Solar. Your bills won't be higher. They will actually be lower.

Solar project developer Nautilus Solar announced Thursday that it has acquired a 7.4MW ground-mounted project in Massachusetts from Seaboard Solar Holdings.
