

Does Alfen have a mobile battery storage solution?

For those projects, Alfen is deploying its containerised BESS solution, TheBattery Elements, but the company also recently launched a new iteration of its mobile battery storage product called TheBatteryMobile, putting 720kWh of storage capacity into a 10ft container on wheels.

What is Alfen's new battery energy storage solution?

Alfen, a Netherlands-based energy storage specialist, has unveiled the latest additions to its battery energy storage offering - modular and mobile solutions with 360 kWh, 540 kWh, or 720 kWh of capacity. The solutions are on show at Intersolar Europe, happening this week in Munich, Germany.

Does Alfen have a Bess solution?

Alfen's containerised BESS solution, TheBattery Elements. Image: PRNewsfoto/Alfen B.V. Alfen, a Netherlands-based provider of electric vehicle (EV) charging, smart grid and energy storage solutions has reported a 526% increase in half-year revenues for its storage segment.

What is Alfen's most advanced battery system?

"An evolution of its compact 10ft mobile container unit, Alfen's most advanced battery system to date delivers an emission-free, quiet and fast-deployment alternative to power a variety of applications from events, festivals and construction sites to maritime applications and EV charging hubs," the company said in a statement.

How did Alfen perform in H1 2023?

Alfen netted total revenues of EUR223.9 million (US\$243.07 million) for H1 2023, which was a 9% increase year-on-year from H1 2022. While EV charging revenues declined 36%, and Smart Grid revenues rose by 20%, energy storage revenues leapt by over 500%, from EUR9.4 million in H1 2022, to EUR58.8 million in the first half of this year.

How do I embed my RTU in Alfen mobile X?

You can use your own embedded RTU and Modbus, the HMI touchscreen of the container, or Alfen's backoffice called TheBattery Connect. Choose whatever works best for you. To embed your RTU, TheBattery Mobile X has a dedicated reserved area where your hardware can be installed.

Energy-Storage.news has reported on several of the ongoing or recently contracted ESS projects Alfen identified as half-year highlights, such as a 30MW/68MWh project in the Netherlands - thought to be the country's largest ...

TheBattery Connect is de module van Alfen Connect die wordt gebruikt als energiemanagementsysteem voor de energieopslagoplossing van Alfen, TheBattery. Klanten krijgen toegang tot TheBattery, draadloos en via

New Zealand alfen the battery

hun eigen IT-systemen, voor alle opslagtoepassingen: handel, frequentiecontrole, peak shaving en autonome netten.

For those projects, Alfen is deploying its containerised BESS solution, TheBattery Elements, but the company also recently launched a new iteration of its mobile battery storage product called TheBatteryMobile, putting ...

Drawing on Alfen's five years of experience and product innovation in mobile battery storage, TheBattery Mobile X is market-leading in supplying up to 720 kWh in energy ...

Alfen delivered its 1 MW battery energy storage system "TheBattery" to Engie's power generation plant in Drogenbos (Brussels). This is the first battery based storage system in Belgium to provide grid stability since the grid operator opened its network for battery systems in May this year. ... In this new reality, stabilizing the grid is ...

TheBattery équilibre l'offre et la demande d'énergie et évite des investissements majeurs dans les infrastructures du réseau électrique. L'énergie autoproduite peut être vendue aux moments les plus rentables et des réseaux électriques autonomes basés sur de l'énergie solaire ou éolienne peuvent être mis en place.

Alfen delivered its 1 MW battery energy storage system "TheBattery" to Engie's power generation plant in Drogenbos (Brussels). This is the first battery based storage system in Belgium to provide grid stability since the grid operator opened its network for battery systems in May this year.

commissioned and tested in Alfen's production facilities. This guarantees minimal on-site impact and instant operation. With storage experience since 2011 and renowned leadership in ...

Dutch solar park developer Solarfields premiered its Zonnepark Bontepolder facility in early 2023 with nearly 32,000 solar panels, accompanied by Alfen's battery storage technology to capture and distribute the carbon-free power they generate.

TheBattery equilibra la oferta y la demanda de energía, lo que ayuda a evitar grandes inversiones en infraestructuras en la red eléctrica. La energía autogenerada puede venderse en los momentos más rentables y se hacen posibles las redes eléctricas autónomas basadas en la energía solar o eólica.

TheBattery Connect is Alfen Connect's module used as an energy management system for Alfen's energy storage solution, TheBattery. Clients are given access to TheBattery, wireless and via their own IT systems,

New Zealand alfen the battery

for all storage applications: trade, frequency control, peak shaving and autonomous grids.

Alfen, ein Spezialist für innovative Energiespeichersysteme in ganz Europa, stellt heute sein mobiles Batterie-Energiespeichersystem der 4. Generation vor: TheBattery Mobile X. Es bietet bis zu 70 % mehr Energie (bis zu 720 kWh) und verbesserte Sicherheitsfunktionen im gleichen 10-Fuß-Behälter, um der steigenden Nachfrage nach temporärer sauberer Stromversorgung gerecht zu kommen ...

For those projects, Alfen is deploying its containerised BESS solution, TheBattery Elements, but the company also recently launched a new iteration of its mobile battery storage product called TheBatteryMobile, putting 720kWh of storage capacity into a 10ft container on wheels. Company can "outperform" European market on ESS, CEO claims

Greener Power Solutions reaffirms its confidence in Alfen's smart and sustainable energy solutions with a new order of TheBattery Mobiles. The Dutch provider of temporary green energy for on- and off-grid projects is expanding its mobile battery fleet with new Alfen mobile energy storage systems. These additional units will enable Greener to meet the increasing demand ...

Alfen, specialist in innovatieve energieoplossingen in heel Europa, lanceert vandaag haar vierde generatie mobile battery energy storage solution, TheBattery Mobile X. Dit product biedt tot 70% meer energie (tot 720 kWh) en verbeterde veiligheidsfuncties in dezelfde 10ft-container om te voldoen aan de toenemende vraag naar schone tijdelijke stroomvoorziening.

TheBattery gleicht Angebot und Nachfrage im Energiebereich aus und hilft so, große Infrastrukturinvestitionen in das Stromnetz zu vermeiden. Selbst erzeugte Energie kann zu den profitabelsten Zeiten verkauft werden, und autonome Stromnetze auf der Basis von Solar- oder Windenergie werden möglich.

Alfen has released a new line of battery storage modules with 360 kWh, 540 kWh, or 720 kWh of capacity. The fully integrated systems are developed for events, festivals, construction sites ...

As it has been a whole decade since we began integrating energy storage solutions, we thought we would take the opportunity to champion our success by sharing with you 10 ways in which Alfen's TheBattery is currently providing ...

Alfen's TheBattery Mobile is an innovative and reliable multi-functional mobile energy storage system. Based on more than 5 years of experience and product maturation, TheBattery Mobile X is Alfen's latest and best solution capable of ...

TheBattery balances energy supply and demand and hereby helps to prevent heavy infrastructural investment in the electricity grid. Self-generated energy can be sold at the most profitable moments, enabling autonomous

New Zealand alfen the battery

electricity networks based on solar or ...

The system can be used for every conceivable application such as grid services or energy trading. Alfen offers an end-to-end solution including local grid embedding and network integration. Alfen almost always provides network integration via TheBattery Connect solution and through embedding in the local management system.

Basierend auf mehr als 5 Jahren Erfahrung und Produktreife ist TheBattery Mobile X die neueste und beste Lösung von Alfen. Sie stellt zuverlässig die Energie und Leistung bereit, die Sie für Veranstaltungen, Baustellen, EV-Ladезentren und viele andere Standorte benötigen. Es handelt sich um das mobile Batterie-Energiespeichersystem der 4.

Die Energiespeicherlösungen von Alfen basieren auf zwei Hauptprodukten: TheBattery Elements und TheBattery Mobile. Die Produkte sind für unterschiedliche Märkte und Anwendungen maßgeschneidert, basieren jedoch auf den gleichen Konstruktionsprinzipien, um optimale Leistung, Flexibilität, Modularität und Langlebigkeit zu gewährleisten.

commissioned and tested in Alfen's production facilities. This guarantees minimal on-site impact and instant operation. With storage experience since 2011 and renowned leadership in realizing grid connections, Alfen has the unique capability to ...
