

Polaris energy Tunisia

What drives Tunisia's energy transition?

Three key drivers will dictate Tunisia's energy transition: energy security, given Tunisia's growing energy balance deficit; economics, given the relative decrease in the price of renewables; and environment, given the Country's commitment to reduce domestic greenhouse gas emissions.

Who is Polaris Energy Resources?

Polaris Energy Resources Inc. is comprised of proven leaders serving as a gateway to the global renewable energy sector. We are effectual servant leaders, building strong partnerships within countries, municipalities and communities with a key commitment to training and job creation.

What are Tunisia's energy projects?

One third of the projects will be for wind farms and two thirds for solar photovoltaics. Tunisia's national grid is connected to those of Algeria and Libya which together helped supply about 12% of Tunisia's power consumption in the first half of 2023.

What percentage of Tunisia's electricity is generated from natural gas?

In 2020, natural gas made up 86% of Tunisia's installed capacity and 95% of power generation, while renewable energy made up 13% of installed capacity and 5% of power generation. Fossil fuels represent the majority of Tunisia's electricity generation mix (approximately 97%), with natural gas being the primary fuel source.

Does Tunisia have natural gas?

In addition to local gas production, Tunisia receives natural gas as a royalty on the Algerian Transmed gas pipeline crossing Tunisia to Italy. In 2022, only 3% of Tunisia's electricity is generated from renewables, including hydroelectric, solar, and wind energy.

What is the energy sector in Tunisia?

The sector also offers opportunities for possible Build-Own-Operate (BOO) or Build-Operate-Transfer (BOT) projects. Much of Tunisia's electricity production comes from gas turbines. Major players in this sector include General Electric (USA), Mitsubishi (Japan), Ansaldo (Italy), and Siemens (Germany).

Polaris Energy Nicaragua Polaris Energy Nicaragua S.A (PENSA) is a subsidiary of Polaris Infrastructure Inc.
