

2024.11.26 - Icke-regulatorisk PowerCell Group säkrar projektorder för flygsektorn från japanskt företag 2024.11.07 - Icke-regulatorisk PowerCell Group, nu en del av H2MAC, ett EU-projekt som främjar vätgaselektriska lösningar för tunga maskiner 2024.10.29 - Regulatorisk PowerCell och ZeroAvia ska samarbeta om utveckling av nästa generations bränslecellsstack

"It is time for the world to meet our "Newborn", the PoweCell Group reported in its LinkedIn . "Proud as only a parent can be, we are thrilled to present a picture from the next ...

VD, PowerCell Sweden AB (publ) Tel: +46 (0) 31 720 36 20 Email: richard rkling@powercell.se. Om PowerCell Sweden AB (publ) PowerCell Sweden AB (publ) utvecklar och tillverkar bränslecellsstackar och -system med en unikt hög effekttähet, för stationära och mobila användningsområden.

We have a strong culture that is characterised by innovation and rests on PowerCell's mission to use our expertise to accelerate the transition towards zero-emission energy solutions. When we transformed from a development ...

PowerCell Group är en världsledare inom vätgaselektriska lösningar med unika bränslecellsstackar och system. Med årtionden av erfarenhet använder vi vårt kunnande för att accelerera övergnången till en utsläppsfri, mer hållbar värld. Vi riktar oss till branscher som flyg, marin, off-road, on-road och stationär kraftproduktion. ...

At PowerCell Group, we dream, design, develop and manufacture some of the best hydrogen electric fuel cells and systems the world has ever seen. Our products have unparalleled power density and are capable of delivering zero-emission operation to our customers. Founded in 2008 ...

About PowerCell PowerCell is a world leader in hydrogen electric solutions with unique fuel cell stacks and systems. With decades of experience, we use our expertise to accelerate the transition to an emission-free, more sustainable world. We target industries such as aviation, marine, off-road, on-road and stationary power generation.

ZeroAvia announced this week it has signed a Memorandum of Understanding (MOU) with PowerCell Group to partner on next generation fuel cell technologies, reports a press release. R& D will focus on intermediate and ...

PowerCell Group has signed a new Memorandum of Understanding (MoU) with ZeroAvia to collaborate on

Powercell group Guinea

next generation fuel cell technologies. The partners are to explore co-development of fuel cell technologies for aerospace applications and other segments in need of heavy-duty fuel cell systems with high energy output. Joint R& D will focus on ...

PowerCell develops and supplies fuel cells, fuel cell systems and services that lower environmental impact from energy generation and at the same time create a value for the customers through high product efficiency and durability. By ...

PowerCell Group develops and produces hydrogen electric fuel cell solutions. Here you can find information about our shareholder distribution. ... Powercell Sweden AB's shareholders. We are challenging current power generation systems. Our hydrogen fuel cell technology helps customers achieve their zero-emission goals. Products;

PowerCell Group develops and produces fuel cell stacks and systems for stationary and mobile applications with a world class energy density. The fuel cells are powered by hydrogen, pure ...

PowerCell shall always follow national legislation in the countries in which it operates. When any of the requirements of the Policy differ from national legislation, the most ambitious requirement applies. In its operations, PowerCell shall follow the precautionary principle so that injuries and damage to human health and the environment are ...

PowerCell Group offers customized megawatt solutions together with our partners. We understand the complex challenges our clients face and we can offer the complete value chain of hydrogen fuel cell power systems through our partnerships with world leading industrial innovators and integrators, such as Hitachi-ABB Power Grids. ...

PowerCell MS-100: Power Generation 100: P system 100: Power Generation MW Solution: 200kW module unit: MW solution: 200kW module unit: PowerCell MS-100: Heavy Duty System 100: P system 100: We are challenging current ...

Vi satte ett nytt rekord i försäljningsrekord för helåret; 310,3 MSEK (244,7) med en ökning på 27 procent och PowerCell styrde sin position som den ledande leverantören av väteelektriska lösningar till flyg- och marinsegmenten. Fortsatt god bruttomarginal Bruttomarginalen uppgick till 36,9 procent (56,8) i kvartalet.

PowerCell signs SEK 165m order in September for fuel cell systems with leading Italian marine OEM

Powercell group Guinea

manufacturer Significant events after the end of the reporting period. PowerCell partners with Australian aviation company for concept study on VTOL aircraft. CEO Richard Berkling comments:

At PowerCell Group, we are decarbonizing industries. We design, develop and manufacture hydrogen electric fuel cells and systems for aviation, propulsion, stationary, and marine applications. Our fuel cell systems have unparalleled power density, and the only emissions are water and heat. At our headquarters, located in Gothenburg, more than ...

2024.12.16 - Regulatory PowerCell Group Secures Follow-up Order for Marine System 225 2024.12.11 - Regulatory PowerCell has carried out a directed issue of 5.75 million new shares of approximately SEK 190 million 2024.12.11 - ...

Marine System 225 is a compact fuel cell system delivering 225 kW of clean electric power with zero emissions. Engineered for marine environments with high efficiency, low noise, and easy installation, maintaining an industry-leading footprint.
