Who is Powerstar - a d2zero company?

Managing your power with our Transformers, Battery Energy Storage Systems, Voltage Optimisation & AI Microgrid Controller (EOS) Powerstar - A D2Zero company. Smart energy solutions to achieve your commercial energy objectives. We understand the energy challenges encountered by businesses.

Where is Powerstar registered?

Registered in England and Wales. Copyright © 2024 Powerstar. All rights reserved. Discover Powerstar's innovative energy solutions, from microgrids to voltage optimization. Explore our technology today.

Where are Powerstar products made?

All are manufactured at our facilities in Sheffield and Bromsgrove in the UK. Who are Powerstar? What is the Energy Trilemma? How do we reduce electricity costs?

What can Powerstar do for You?

Our comprehensive approach ensures optimised energy usage, enhanced resilience, and cost savings for commercial clients, empowering them to navigate energy challenges with confidence while advancing sustainability goals. Catering specifically to commercial sites, Powerstar specialises in facilitating microgrid solutions.

Is Powerstar adapting to the future?

At Powerstar, we're not just adapting to the future; we're actively shaping it alongside our broader group, D2Zero. Powerstar is proud to be part of D2Zero, a combination of five well established companies with deep expertise in providing engineering and operations support services for critical energy infrastructure.

Where is Powerstar in Bromsgrove?

Powerstar, Units A, B & C Sugarbrook, Buntsford Park Road, Bromsgrove, B60 3DX Explore our International Regions.

Powerstar is the UK's leading manufacturer of voltage optimisation technology. Proven Track Record. With over 20 years of experience, our solutions deliver dynamic voltage regulation in real-time and fixed voltage reduction protected by undervoltage safeguards. Trusted by Thousands.

Sheffield, United Kingdom - December 2021 - SCF Partners ("SCF") is pleased to announce its investment in Powerstar EMSc (UK) Ltd. ("Powerstar"), a leading provider of power resiliency, microgrids, and energy efficiency equipment to customers worldwide. Dr. Alex Mardapittas, Powerstar's founder and CEO, will continue to serve in his current role as the ...
