

Does VAT reform save energy?

In particular, large-scale firms, firms in energy-intensive industries, and private firms show a greater decrease in coal intensity after the reform. These firms are more capable of purchasing new equipment. Thus, the VAT reform achieves an energy-saving effect by influencing firms' investments in fixed assets.

How does VAT reform affect energy policy evaluation?

Compared with the previous energy policies, which directly influenced the energy price, the VAT reform affects the relative price of capital to energy, which achieves improvements in energy efficiency. Our study sheds new light on economic policy evaluation and provides a new perspective for formulating energy policies.

Do VAT incentives affect the ROE of New Energy Enterprises?

The results show that VAT incentives have an adverse impact on the ROE of new energy enterprises. This study further examines the variation of policy response in different locations of the industrial chain, and the time-lag and heterogeneity of China's new energy VAT refunds.

Are VAT incentives affecting the new energy industry chain?

First, the VAT incentives have led to the distortion of the new energy industry chain, which is divided into R&D, equipment manufacturing, and terminal utilization. In the previous regression analysis, we use the dummy variable direct to distinguish the differences in corporate responses to VAT incentives at different positions of the industrial chain.

What are China's new energy VAT incentives?

China's new energy VAT incentives mentioned in this paper mainly refer to (immediate) tax refund, tax credit, and input tax deduction. More concretely, the following information specifies the basic contents and detailed articles of the VAT Law in China where VAT incentives are regulated:

Does VAT reform reduce coal intensity?

The results show that VAT reform significantly reduces firms' coal intensity by approximately 9%. There is a greater decrease in coal intensity for large-scale firms, firms in energy-intensive industries, and private firms after the reform.
