The power sockets in Saint Pierre and Miquelon are of type E. The standard voltage is 230 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter in Saint Pierre and Miquelon.

Saint-Pierre was a site for settlement by the French in the early 17th century, later abandoned under the Treaty of Utrecht, and returned to France in 1763 at the end of the Seven Years War. As well, the islands became a place of refuge for Acadian deportees from Nova Scotia. Saint-Pierre figures frequently in North American British-French relations.
