

Solar battery rack Ireland

The Australian-made PowerPlus rack mounted Lithium battery offers high energy density, lightweight, durable and reliable energy storage option for your off-grid power system. The cabinet and rack solutions are designed to perfectly suit the PowerPlus range of batteries, making for an easy lithium battery installation and lead-acid upgrade.

Discover high-quality rackmount batteries for server racks. Our LiFePO4 solar batteries are designed for server applications, offering reliable power storage. Explore our 48V rack mount battery options, including server batteries, lithium iron phosphate batteries, and 48V LiFePO4 server rack batteries.

Expand your energy storage with the new Fortress Power FlexRack! This iron enclosure stores up to 4 eFlex 5.4kWh batteries. The FlexRack paired with multiple eFlex batteries can build a 48V UPS server rack or provide storage capacity to home solar arrays. The FlexRack includes intergrated busbars, wheels, and a DIN rail heater mount.
