

# Solar bess project Trinidad and Tobago

Who is building the largest solar project in Trinidad and Tobago?

Today, the Government of Trinidad and Tobago has officially given the green light to project partners, bp, Shell and Lightsource bp to begin construction of the largest solar project in the Caribbean.

Who owns 148mwp solar project in Trinidad & Tobago?

The Government of the Republic of Trinidad and Tobago (GoRTT) has approved the consortium partners 148MWp solar project. The consortium have reached the Final Investment Decision, with bp and Shell initially having joint shareholdings of the project (50/50)

Can Lightsource BP accelerate the energy transition in Trinidad & Tobago?

With the experience of bp and Shell, as major operators in Trinidad and Tobago's energy industry, combined with Lightsource bp's global solar expertise, the group represents the huge potential to accelerate the energy transition through collaboration.

Who were the speakers at the Trinidad & Tobago Conference?

Also speaking at the event were David Campbell, President of bp Trinidad and Tobago and Eugene Okpere, Senior Vice President and Country Chair of Shell Trinidad and Tobago, The Minister of Public Utilities Marvin Gonzales and Chairman of T&TEC, Romney Thomas.

Triple Point's substantial funding aligns with the UK's increasing focus on solar and BESS solutions to bolster grid resilience while reducing consumer energy costs. It adds to a wave of similar investments in UK renewables, such as NatPower UK's planned £10 billion investment in solar and battery projects.  
Long-term goals

Search all the ongoing (work-in-progress) battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Trinidad and Tobago with our comprehensive online database.

Lightsource bp begins construction on Trinidad and Tobago's first utility-scale solar project. Lightsource bp, has marked the beginning of construction of Trinidad and Tobago's first utility-scale solar project with a sod turning ceremony at Brechin Castle. [Read story](#)

Trinidad & Tobago's Ministers of Energy and Planning have both reiterated the Government's full commitment to the biggest solar electricity project in the Caribbean, dubbed Project Lara, despite delays in completing the final agreements with the project shareholders. Speaking at the Caribbean

The Caribbean region and its surrounding coastline have many exciting solar PV projects under construction or recently confirmed. Here are just a few examples: Lightsource bp has broken ground on Trinidad and Tobago's first-ever utility-scale PV project. The 112MWac/148MWp project that spans two sites, Brechin
