Beyond just solar panels, we offer an extensive range of products to cater to all your solar energy needs. Our inventory includes efficient inverters and high-capacity batteries, ensuring that you ...

Highly mobile solar power plant as a container attachment. The Faber Solar-Frame, available with and without side panels, can be placed on every 20 ft. container and is immediately ready for ...

This capacity is housed on a durable floor frame, mirroring the dimensions of a 20f HC container, and incorporates an advanced PV rail system alongside a folding mechanism. These features ensure the system retains the transport and lifting characteristics of a standard container while maximizing the inclusion of high-efficiency solar panels.

Attaching a floodlight higher up. If you do decide that you would rather mount your floodlight higher up you'll have almost everything you need to secure your floodlight and long pole (longer than 3.2m) to a shipping container with our full height floodlight kit.All you'll need in addition to the kit is a scaffold tube at the length you require (as well as the shipping container ...

When extended onto the container, the fixing frame has an angle of 20 degrees (increased angle possible with the Solar Container Battery design). The raising and lowering of the fixing frame including panels is supported by two gas cylinders. The fixing frame is mechanically secured after unfolding to prevent it from folding up on its own.
