Camping. Take your camping experience to the next level with the Jackery 1000 v2. Power up your campsite essentials effortlessly, from ...

Yes, you can charge an RV battery with a solar generator. In fact, many RVers use solar generators as an alternative power source to charge their RV batteries. By connecting your RV's battery to the solar generator through a charge controller, the solar panels will convert sunlight into DC power, which will then be stored in the battery.
