For Madagascar, the third African country to join Scaling Solar, a new 30-40 megawatt solar facility will help ease daily interruptions of power service. This island nation suffers from frequent power outages, and under one-third of the population has access to electricity.

Indeed, thanks to the support of a Chinese company Trina Solar, the WWF Madagascar office in Antsakaviro benefited from 54 solar panels and has a capacity of 12 kWh with an "on grid" installation. In short, the simple combination of solar panels and inverters remains coupled on the facilities of the local electricity company, in order to allow ...

Shaaban: " I have my Solar Panda radio on my boda boda to entertain customers. I can charge it at home, and I am so happy with it. "Winnie: " I have the loudest and clearest radio in the village. I am glad it will not burn out or burst if it sings too much because I love it so much I never put it off. I thank God for Solar Panda.
