Installing our solar panels in Sutherlin, Oregon. Disclaimer: I am NOT a professional, this is only an informational post of what I did as a DIYer. *Edited post 7/8/20 to add total cost due to multiple requests. Adding 1500 Watts Solar to a 1997 Monaco Signature. I became interested in solar shortly after we started using the RV.

However, to truly harness the potential of solar energy, connecting the solar panels to an inverter is essential. The inverter serves as the heart of the solar power system, converting the direct current (DC) electricity produced by the solar panels into alternating current (AC) electricity, which is suitable for powering homes and businesses.
