

# Solar project details Chad

Where will a solar farm be built in Chad?

Savannah Energy plans to build a 300MW solar farm and battery energy storage system (BESS) facility, called Centrale Solaire de Kom, in Kom, Chad. The clean energy generated by the facility will be delivered to Doba Oil Project, as well as the surrounding towns of Moundou and Doba, and the country's capital city, N'Djamena.

How did Power Africa help Djermaya solar project in Chad?

Power Africa provided transaction advisory and technical assistance that helped secure a \$20.6 million (EUR18 million) loan for the financing of the 42 MW Djermaya Solar project in Chad, one of the largest in the region.

What is Djermaya solar project?

This project will construct an initial 34MWp solar PV plant in Djermaya, 30km north of Chad's capital, N'Djamena. Development of Djermaya Solar will be phased to gradually integrate renewable power into Chad's national grid. The first 34MWp phase secured financing in 2021. Construction start is planned for 2022 and operations for 2023.

**Project General Description.** The proposed operation concerns an African Development Fund (ADF) Partial Risk Guarantee (PRG) of approximately [UA 8.065.231,59 (EUR 10,000,000 equivalent)] to the Republic of Chad in line of the Djermaya Solar PV Independent Power Producer (IPP) project implementation.
