At Solar Super Shine, we believe that protecting your investment is important. In fact, we KNOW it! We spent years installing solar panels before opening our own business. In those years we saw countless clients who unknowingly voided their warranties by not cleaning the panels regularly. They would call us to fix or uninstall and re-install panels that were broken due to neglect.

How to apply for solar panel grants? Are you considering switching to solar energy but unsure about the financial investment? Have you wondered about grants that could ease this transition? This guide will provide ...

"I went solar with Shine this summer and it has been a great experience! Their original proposal for how much money I would save has been spot on. My billing cycle with the local utility was a little funny for the first 2 months after installation (a 10 day cycle, then a 50 day cycle), but on my first normal cycle my electric utility bill was ...
